

# Save Soil

A global exhibition of art,  
poetry & more.

Hello, I'm Wormy. Me and my friends  
are working hard to help keep soil  
healthy for us all.

**You can help too**, by creating **art or  
poetry**, to show our world leaders  
why soil is so important!

Please ask your grown up to upload  
your creation online and receive a  
**Save Soil Certificate** for joining in  
with children all over the world.

**SAVE  
SOIL**
